

Each Petzl product is designed to meet a precise need found in the real world. Our product development process favors simple, ergonomic and reliable solutions in order to introduce innovative products that reflect the evolution of activities.

## PETZL Professional — Verticality

### Harnesses

Simple to use, comfortable, with numerous accessories and technically suitable to the requirements of the work they are designed for, Petzl harnesses are the standard in terms of safety and efficiency for workers at height.

AVAO® BOD

LIFT

ABSORBICA-Y

## Lanyards and Energy Absorbers

Whether for work positioning or to have an energy absorber that limits the force transmitted to the user in case of a fall, Petzl offers a complete line of lanyards for different applications.

GRILLON HOOK

## Helmets

Essential for work at height and certain industrial activities, helmets give the user effective protection from falling objects, or if the person himself falls.
